## YEAR 7 ASSESSMENT PROCEDURES

### The purpose of assessment

Assessment is the process of identifying, gathering, and interpreting information about student learning. Assessment is designed to provide information on student achievement and progress in each subject in relation to syllabus standards, and to report on the standard of performance reached. Assessment measures performance throughout the whole course in each subject, including knowledge, understanding, skills and processes. Students are assessed on what they understand, know, and can do.

This booklet lists formal assessment items that are common to all students. Students will also be given tasks that do not appear in this booklet and are required to complete these also. They contribute to students' ability to develop their knowledge, skills and understanding just as much as formal tasks. The Years 7–10 syllabuses advocate assessment *for* learning, and these tasks are important to the development of student awareness about their progress.

The evidence teachers gather about student achievement is used for assessment *of* learning, which takes place at key points in the assessment cycle, such as at the end of each semester, when students receive academic reports indicating their levels of achievement.

Assessment may also be used as a tool to enable students and teachers to identify core strengths and areas for improvement.

### How will assessment be undertaken?

The NSW Education Standards Authority (NESA) has provided a syllabus and a set of performance descriptors for each subject. The syllabus contains a statement of outcomes and content for each course.

NESA recommends a maximum of four assessment tasks for each year group. Assessment tasks may include tests, assignments, projects, research tasks, class presentations, practical tests, class exercises and examinations.

Students will receive a written assessment notification for each assessment task that contains a detailed explanation of the specific nature of the task. This notification will be issued **at least two weeks in advance**. In exceptional circumstances, the school may reschedule or substitute an assessment task with the approval of the Head of Senior School. In such cases, teachers will inform students of the new arrangements, in writing, at least two weeks in advance.

## 1 Schedule of Assessment tasks

### 1.1

- Assessment notifications will be issued to students in class and will be made available on CANVAS Classroom from the date of issue.
- Students will acknowledge Assessment Issue – ‘Comment’ on CANVAS Classroom. Teachers will keep these records on file as the Assessment Register evidence.
- Students who are absent on the day will acknowledge the ‘Assessment Issue’ – ‘Comment’ through CANVAS on their first day of return to school. The original due date applies for all students.
- Students are expected to check CANVAS classrooms daily.

**1.2** Students on school business when an assessment task is due, such as work placement or representative sport, will negotiate with the teacher/ Head of Department an alternate due date **at the time of issue**. Students on work placement must ensure a *Work Placement Notification* form is completed and signed at least two weeks prior to the start date. The student is responsible for approaching the teacher/ Head of Department to negotiate the alternate date. No extensions are provided for these cases.

**1.3** Students who are absent on the due date will submit or complete the task on the first day of return to school. If the student is absent for a practical task, they will negotiate with the teacher/ Head of Department on the day of return to school, the most appropriate date to complete the task. It is the student’s responsibility to see the teacher/Head of Department on the day of return. Students will be required to follow the Illness/Misadventure process (**see assessment forms section**), or the N-determination process will be followed.

**1.4** Where a task has been identified invalid or unreliable a panel will be formed to review the task and determine an outcome. The panel will be formed by the Faculty Head of Department and will generally include the following members:

- Deputy Head of Senior School
- Head of Senior School
- Head of Department of relevant faculty
- Head of Departments
- The make-up of the panel is open to change to allow for the availability of staff

Decisions may include:

- Adjusting the task and re-issue with at least two weeks' notice
- Issue an alternate task with at least two weeks' notice
- Disregard the task and re-weight remaining tasks
- The Head of Senior School (or delegate) is the final arbitrator. Students and parents/guardians will be notified in writing of the outcome.

## 2 Submission of tasks

### 2.1 Assessment tasks that are completed outside the classroom

Tasks completed outside the classroom are to be submitted by the designated due date and time as specified on each task notification. Tasks are to be submitted by the date and time specified on the assessment task notification. All tasks may be submitted early.

### 2.2 Late submission of tasks

Any task submitted after the designated day and time will be deemed to be late, unless the student has been granted an extension (which students must have applied for **to the relevant Head of Department** using the '**Application for Extension**' form at least two days prior to the due date), or is absent on the day due to illness or another acceptable reason, as indicated in a Medical Certificate or a letter from a parent attached to an '**Illness and Misadventure**' form given to the subject teacher or Head of Department in the next lesson of that subject.

Failure to submit a task on time will result in a mark deduction as follows:

One day late:	10% of total marks
Two days late:	20% of total marks
Three days late:	30% of total marks
Four days late:	40% of total marks
Five days late:	50% of total marks
Six or more days late:	100% of total marks

Concessions can be made at the Head of Departments discretion or for students with PLPs, learning needs or in extenuating circumstances. Misadventure/Appeals in exceptional circumstances may be granted at the Head of Senior School's discretion.

**NOTE:** For tasks that have not been given approval for extension over a weekend or holiday period, **non-school days do accumulate towards percentage penalties imposed** eg. lateness after a weekend will accumulate a 3-day penalty (30%). Students should submit tasks by email to avoid penalties over a weekend period.

Teachers may accept tasks submitted late and the task will be marked to ensure students' learning is progressing. However, the mark or grade may not be used, and the task may not be marked as promptly as the rest of the cohort. This also includes circumstances that occur on the evening prior to the submission date where prior written application cannot be made. Any extension time will only be granted in **exceptional circumstances**.

### **2.3 Failure of computer equipment**

Failure of computer equipment is NOT an acceptable reason. Students should develop a pattern of regularly backing up work on a transportable storage device which can be brought to school in the event of any computer failure e.g., printer out of ink.

If late submission of a task is due to sickness (illness or misadventure), a letter must be attached to an 'Illness and Misadventure' form and submitted to the relevant subject teacher or Head of Department within two (2) days of the original due date.

Misadventure/Appeals in exceptional circumstances may be granted at the Head of Senior School's discretion.

### **2.4 Assessment tasks that are completed in class**

Tests completed in class, such as **tests and** examinations, practicals, performances, speeches, presentations and so on, must be completed on the designated day. Failure to do so requires adequate evidence (**Medical Certificate** or a **letter from a parent** attached to an '**Illness and Misadventure' form**) to be presented to the subject teacher or Head of Department in the next lesson of that subject.

### 3 Absent for an assessment task: Illness or Misadventure

It is the student's responsibility to submit / complete all formal assessment tasks at the specified time. Unless prior application for an extension (using the application for extension form) has been approved by the relevant **Head of Department**, late submission will result in a deduction of marks. If an extension has been granted, and the task is submitted / completed on the new date, no penalty applies.

If a student is to be absent from an assessment task for any reason other than illness, he or she must inform the subject teacher, Head of Department **and** Homeroom teacher prior to this absence (e.g., if the student is to represent the school in a curriculum enrichment event such as sport, debating, etc on that day) to make alternative arrangements. In the event of an unexpected issue (e.g., family illness), contact should be made with the school as soon as conveniently possible given the circumstance. The Head of Department of the subject concerned will:

- Allow the student to undertake the same task; or
- Allow the student to undertake a suitable replacement task; or
- Give an estimate for that task only, based on the quality of the student's work in the components being assessed, if the Head of Senior School permits.

If a student is absent from an assessment task, the task must be completed/submitted within two weeks after the due date. If the task is not completed/submitted within two weeks of the due date (and an Illness & Misadventure form is completed and approved), an estimate mark for the task may be given.

If a student will miss an assessment task due to going on vacation, the school must be informed of the student's absence prior to the event.

#### 3.1 The illness or misadventure process assists students who:

- Are absent from an assessment task due to illness or unforeseen misadventure, or
- Consider that their performance in an examination/assessment has been affected by illness or misadventure immediately before or during the task.

3.2 If a student is absent for a task due to illness, they must print an '*Illness/Misadventure*' form located in this Student Handbook Assessment forms section and found on the school website. They are required to see the Head of Department of the subject that allocated the

assessment task, on the first day they return to school and hand in a completed *Illness/Misadventure* form. Reasons for the absence must be stated, all relevant sections completed, and appropriate documentation attached to the form, e.g., medical certificate.

**3.3** Where a student is absent for more than the day of the task, they must have documentation explaining the entire period of absence.

**3.4** If a student is absent from a task for non-medical reasons, a satisfactory explanation in writing must be provided on an *Illness/Misadventure* form and submitted to the Head of Department of the faculty that allocated the assessment task, on the first day they return to school. Unless the Head of Senior School has approved the leave, a zero mark may be awarded in such circumstances and the N-determination process will be followed. Travel leave is not permitted for students completing stage 6 studies.

**3.5** Students will be required to complete or submit the assessment task on the first day they return to school. The Head of Department, in consultation with the Deputy Head of Senior School (or delegate), will determine the outcome of the *Illness/Misadventure* application. **(See Assessment forms section)**

**3.6** Copies of all completed *Illness/Misadventure* forms must be given to the supervising Head of Department, and copies to the Deputy Head of Senior School and the Head of Senior School.

### **3.7 Outcome of *Illness/Misadventure***

The relevant faculty Head of Department will consider *illness/misadventure* cases specific to assessment tasks for courses within their faculty. They will judge the presented evidence and decide whether the application is to be accepted or rejected.

If the application is accepted, one of three things may occur:

1. Original or substitute task is to be completed – a zero will be recorded for the original task and the student will be required to complete the original task or a substitute task. Once completed, the mark gained for this task will replace the zero. If not completed, the zero mark remains.
2. Awarded mark remains – the student's performance in the assessment task may be considered unaffected. In this case, the student's original result in the task will remain as marked.

3. Maintain rank applied to task – in exceptional circumstances, where undertaking an alternative task is not possible, the Head of Department in consultation with the relevant the Head of Senior School, may determine that the student’s relative assessment rank be maintained. This will be calculated at the end of the entire assessment period. This calculated mark would then replace the zero awarded at the time of the scheduled task.

**If the application is rejected**, then the task must be submitted or attempted in accordance with NESA rules and procedures and then one of two things may occur:

1. Original task was submitted or attempted on time – the original task will be marked, and this earned mark will apply.
2. Original task was submitted or attempted late – the original task will be marked; however, a zero mark will be officially awarded.

In all cases, any student wishing to appeal this decision must do so in writing to the Head of Department (see Procedures for an Assessment Appeal Application).

### **3.8 Absence Due to Suspension**

All assessments must be completed at the scheduled time unless students are affected by illness or misadventure. Students absent from school due to suspension will NOT be entitled to apply for an extension or assessment reschedule. At the time of suspension, the Year Advisor will notify the relevant Faculty Head of Department of the student’s suspension. The following procedures will then apply:

- Hand-in assessment tasks – the student is responsible for ensuring that all hand-in tasks received prior to the suspension being imposed which are due during the period of suspension are submitted on time, either by delivery to the school by a third party, or online, whichever is applicable.
- In-class assessment tasks – the relevant Faculty Head of Department will reschedule an alternative date for the task, which will be communicated to the student and parent/carer via the class teacher.
- Examinations – the Head of Department will arrange for the student to sit the examination at the schedule time in an alternative school-based location, which will be communicated to the student, parent/caregiver and class teacher.

The consequences of not following these procedures may result in a zero mark being awarded.

### 3.9 General comments on assessment

- 1 The grade assessment schedules provide information about the types of tasks which will be set in each subject.
- 2 There may be variation in the number of tasks set or in the description of the task, but students will always be given notice of any change.
- 3 Two weeks **WRITTEN** notice will be given of the date for a set task as a notification sheet.
- 4 If a student is suspended when an assessment task is due/taking place the student must not attend school for the duration of the suspension. Assessment tasks are to be submitted on time either by email or by delivery to the Administration Office or to the Head of Department.
- 5 Work done in assessments must be the student's efforts. It easily becomes apparent to teachers if this is not so. If work is proven to be other than the student's efforts, a zero mark may be awarded. Ignorance of the rule's regarding plagiarism is not a defence: it is the student's responsibility to read **all** information provided.
- 6 Please note that not all tasks are weighted equally and a poor level of achievement in a major task may impact a student's overall performance. At the same time, it should be recognised that significant variation in a student's rank may occur because of relatively small mark differences.
- 7 It is important **to learn** to organise time and effort so that deadlines and other aspects of the assessment scheme are manageable. There are people in the school who are available for advice and guidance.
- 8 Students with extreme external commitments eg. sport or cultural, should seek advice from their **Homeroom Teacher**.

### 4 Non- Completion of assessment tasks

**4.1** Students must complete all assessment tasks. If tasks are not completed, the Head of Senior School may determine that the course has not been studied satisfactorily. In extreme cases a student may be asked to repeat course placed on a level **and may receive zero** if their phone is activated during an examination or class test.

## 5 Malpractice in assessment tasks

Malpractice is dishonest behaviour by a student which provides an unfair advantage over other students. Before a student is enrolled into a course, they must undertake a program titled '*All My Own Work*'. This course deals with matters of malpractice and other cheating in Assessment Tasks.

**5.1** In the case of suspected malpractice, an investigation by the Head of Department may take place. The student will be required to provide evidence of their honesty and integrity.

### 5.2 Malpractice in a Test or Examination

A zero mark will be recorded for malpractice in tests or examinations which are Assessment Tasks. Malpractice in a test or examination is defined as failure to comply with examination requirements, including:

- Failure to follow a teacher or supervisor's instructions
- Communicating with other students during the test or examination
- Disturbing the work of other students or the test or examination itself
- Cheating by reference to other's work or to prepared work brought into the test or examination
- Taking unauthorised equipment, devices or materials into a test or examination room.

### 5.3 Malpractice in an Assessment Task

A zero mark will be recorded for malpractice in class-tasks and submitted tasks which are Assessment Tasks. Examples of malpractice in Assessment Tasks include:

- copying someone else's work in part or in whole, and presenting it as their own
- using material directly from books, journals, CDs, or the internet without reference to the source
- building on the ideas of another person without reference to the source
- buying, stealing, or borrowing another person's work and presenting it as their own
- submitting work to which another person, such as a parent, coach, or subject expert, has contributed substantially
- using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement
- paying someone to write or prepare material

- breaching school examination rules
- using non-approved aids during an assessment task
- contriving false explanations to explain work not handed in by the due date
- assisting another student to engage in malpractice.

**5.4** Schools are required to maintain a register of all instances where a student is found to have engaged in malpractice in a school-based assessment task. These instances of malpractice will be reported to NESA via the *Register of Malpractice in HSC Assessment Tasks*.

## 6 Appeals Process

A student has the right to appeal the decision of an assessment task that is related to process only and not about individual marking or subject-based issues. Before appealing, a student should be familiar with the contents of this Assessment Policy, as rulings by the Appeals Committee will be decided based on:

- The contents of this policy or
- Where the policy is not explicit, a reasonable interpretation of this policy or
- Where the policy does not address the concern, a reading of the intent of the policy.

### 6.1 How to Appeal

A student will first raise any concerns with the application of this policy to their classroom teacher. If concerns are not addressed to the satisfaction of the student, the student will speak to the Head of Department about the concern. If concerns are still not addressed to the satisfaction of the student, the students may elect to appeal the decision or handling of the concern to the Appeals Committee. This appeal will initially be made to the Head of Department, who will form the Appeals Committee if required.

All appeals related to HSC Assessment Rankings should be directed with urgency to the Head of Department of the course concerned and this appeal should be escalated to the Head of Senior School immediately.

### 6.2 The Appeals Committee

An appeals committee will be formed to hear an appeal by a student. This committee will be formed by the Faculty Head of Department and will generally include the following members:

- Head of Department of the relevant faculty

- Deputy Head of Senior School
- Head of Senior School (for Assessment Ranking and HSC matters only)
- The make-up of the Appeals Committee is open to change to allow for the availability of staff
- to sit on the committee.

### 6.3 Timing of Appeals

All discussions or appeals will occur within the following timeframes:

- Discussion with a teacher about an assessment task – within the timeframe of the lesson

## 7 Steps to manage assessment tasks

### 7.1

- Start tasks early so that you can ask for help if you need it.
- Read the task notification sheet carefully, so you are aware of all requirements.
- Be aware of due dates. Keep your school diary up to date with all assessment activities and other commitments.
- Break tasks into a series of smaller steps and set deadlines for completing each step.
- Record the sources of information you use as you find them so that acknowledgements do not become a major task at the end.
- Frequently save, back up and print any work completed on a computer. The failure of technology is **NOT** an acceptable reason for the late submission of work.
- Keep all your earlier drafts and copies of your tasks/resources.
- Keep a copy of any work you submit for marking.

## 8 Information to be provided to students

8.1 Each school has the responsibility to tell the students the following information:

- What aspects of the course will be assessed;
- How they will be assessed (the criteria for marking the task), e.g. What essays, tests, practical will be used.
- The marks and the weighting given to each task; and

- When they are going to be assessed.

The class teacher will hand out written details of each assessment task at least **two weeks** before the date that the task is due. A sample notification is found on the following page of this booklet.

## 9 Examinations

**9.1** Students will sit Half-Yearly and Yearly Examinations in certain subjects. These examinations will be held in Week 6 of Term 2 and Week 4 of Term 4, subject to change to the college yearly calendar

## 10 Examination rules

- 1** All students must check the examination timetable carefully. Concessions cannot be made (such as extra time given) for students who arrive late for an examination or who miss an examination due to poor organisation.
- 2** Students are to follow all instructions given regarding examination times and venues, report to the venue at least ten minutes before the examination starts and wait for instructions about entry to the examination room.
- 3** Students are to remain in the examination room until time has expired for the examination, all papers have been collected, and the examination supervisor dismisses students from the examination room.
- 4** Students must check with their subject teachers in advance to ensure they take the necessary equipment to each examination. Only equipment necessary for the examination is permitted. Borrowing is not permitted during examinations.
- 5** Students must **NOT**:
  - Communicate verbally or non-verbally with other students;
  - Take a programmable watch into the examination room;
  - Speak to any person other than a supervisor after entering the examination room;
  - Take any electronic device into the examination, unless approved;
  - Behave in any way likely to disturb the work of any other student or upset the conduct of the examination.
  - Take into the examination room, or refer to during the examination, any books or notes, any paper, or any equipment other than the equipment approved for the specific examination;
  - Wear a cap; or

- Take any food or drinks (other than water) into the examination room, unless you have been granted special provisions. Water in a clear bottle only may be taken into the examination room.
- 6 Only equipment necessary for the examination are to be placed on the examination desk. Pencil cases and other equipment must be placed on the floor under your chair. You must remove your watch and place it in clear view on the examination desk.
  - 7 **Mobile phones** must be turned **OFF** and placed in the tray at the front of the room.
  - 8 If students need to leave the examination room to use the bathroom, they must raise their hand and wait until a teacher grants permission. Bathroom breaks are NOT permitted during the first 15 minutes OR the last 15 minutes of the examination. Exceptions will be made for the use of a bathroom ONLY in the case of an emergency.
  - 9 Full school uniform must be worn during the examination period.
  - 10 If a student is to miss an examination due to illness or misadventure, the school is to be advised before the examination is held. Parents should ring the school on (02) 9606 2666 and leave a message for the relevant subject teacher and Head of Department.
  - 11 Students who miss an examination due to illness, misadventure or absence from school must see the appropriate subject teacher and Head of Department when they return to school. Upon acceptance of a document of explanation (**Illness & Misadventure form** and a **letter from home**), provisions can be made for the student to sit the examination paper at an appropriate time, or other arrangements will be made.

## 11 Mobile phones and electronic equipment

**11.1** Mobile phones must be switched off and in the mobile phones tray kept with the supervising teacher at the start of an examination. Other than NESAs approved calculators (when required), no other electronic equipment/instruments are permitted in examinations, or during in-class assessment tasks. Essential medical appliances are exempt from these conditions. Students will be placed on a level and may receive zero if their phone is activated during an examination or class test

## 12 Reporting on student progress

Student progress reports are issued twice each year in Semesters 1 and 2.

Achievement levels are recorded for each course outcome by a grade scale using achievement descriptions. The standard of achievement corresponding to each level of the grade scale is shown in the table below.

<b>GRADE **</b>	<b>ACHIEVEMENT</b>	<b>DESCRIPTION</b>
A	Outstanding	The student has extensive knowledge and understanding of content and can apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can apply these skills to new situations.
B	High	The student has a thorough knowledge and understanding of content and can apply this knowledge and a high level of competence in the processes and skills. In addition, the student can apply this knowledge and these skills to most situations.
C	Sound	The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
D	Basic	The student has a basic knowledge and understanding of the content and has achieved a limited level of competence in the processes and skills.
E	Limited	The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills.

\*\* Note that the grade determination process is subject specific, rather than a school-wide process. Each faculty will determine what marks achieve the associated grade (A–E).

**Assessment Task – Cover Sheet**

*Students need to complete and attach this cover sheet to every assessment task that is submitted*

Student name:	Year:
Subject:	Teacher:
Assessment task:	Date submitted:

**Student Statement**

I \_\_\_\_\_ (your name in block letters) declare that this work is my own and that any quotations, information or works have been properly acknowledged and cited in the bibliography or as footnotes.

I understand that any work suspected of plagiarism will be placed under review and a zero mark awarded if found to be plagiarised.

I have read and understood the school assessment procedures.

Any dispute in marks must be taken to the class teacher who will then take the question in dispute to the Head of Department.

Student signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Warning**

*Students are required to keep a hard copy of this assessment task in case of any unforeseen accident to original submissions.*
